Music

PROFILE

A young, motivated sound designer and composer for media, with a strong foundation in Electronic music and urban production, complemented by formal training in composition. This unique blend of musical experience enables me to create diverse and adaptable music tailored to any type of media. My sound is often described as modern and epic, bringing a fresh and impactful energy to every project.

EXPERIENCE

INTERN AT OMNISOUND

Worked on various projects ranging from sound design (creation and implementation) for games and corporate video's, to helping orchestrate the music for the "Tovertuin" theme park in the Netherlands.

FREELANCE COMPOSER FOR "ONTMASKERD"

Music written for a short student documentary made by students of the Amsterdam Film academy.

FREELANCE SOUND DESIGNER MIXING AND MASTERING ENGINEER FOR SHORTFILM "ØDE"

Added sound effects to increase immersion of the viewer. Combined the music, original audio and sound design to sound coherent without being in eachother's way. Polished the final product to fit industry standards.

WINNER OF THE ARTEZ X PHION ORCHESTRA BROADWAY PITCH

Wrote a 3 and a half-minute piece in the style of old Broadway classics and got it played by the PHION orchestra during the symphonic Broadway night in Enschede.

PRIOR WORK EXPERIENCE:

Retail Associate LIDL and Gamma Franchise (Holiday and Weekend Positions). Provided customer service, ensuring high levels of client satisfaction and positive interactions. Gained hands-on experience in retail operations and developed strong interpersonal and communication skills.
